in that order. The three bracketed for today. Then--

SENATOR BURBACH: --267, 310--

PRESIDENT: Yes, 267, 310, 563. Then if there's any debate time left, then I think we deferred to a bill that was left over from yesterday if I'm not mistaken. Stand by just a moment here.

SENATOR BURBACH: Well I think that possibly the Budget Committee will be completed with their work--conclude their work after those three bills have been discussed and if they are not, I suppose maybe we could push 533, I don't want to make that motion, maybe we could take some of the other bills that are not as great a concern to some of the members of the committee as 533 may be.

PRESIDENT: It is the Chair's understanding that we would then go to the top of general file. Three, then to 533. Does that answer your question, Senator Burbach?

SENATOR BURBACH: I will relay the message to the Budget Committee, if they have interest in 267, 310 or 563, that one or all of them return and otherwise, 533 will come after those three.

PRESIDENT: Thank you sir. Now punch off your little light. Do we have any other business on the desk?

CLERK: Nothing.

PRESIDENT: Alright, well, the Chair is correct, we have LB 45 with Senator Whitney's motion to pass over LB 45. I understand it over--there were some arrangements for discussion of possible amendments which would be coming in this afternoon which might dissolve the problems relating to laying it over. Now, excuse me--I'm sorry, 315, not 45. That's correct. LB 315. Now, Senator Goodrich--

CLERK: --(mike off) pending, Mr. President, is the second half of Senator Goodrich's motion.

PRESIDENT: Pardon me.

CLERK: What we have pending from this morning is the second half of Senator Goodrich's motion.

PRESIDENT: Well, the motion before the body at this time, however, is to pass over LB 315. That's the motion before the body. By Senator Whitney this morning. Do we have an amendment on the desk?

CLERK: Now, Mr. President, we have an amendment in lieu of the Goodrich amendment previously offered and I understand in lieu of the Whitney amendment which had been offered at that time also. (read)

PRESIDENT: Well, why don't you go ahead with your amendment, Senator Goodrich, and we'll see, that may dissolve the motion here to pass over 315.

SENATOR GOODRICH: That's the intention that we had when we were going to delay the consideration of his amendment long enough for he and I to work out this amendment and Senator Whitney, this, this particular amendment is the amendment that was written by Senator Whitney. I notice he is not in the chamber but he came back to my desk and wrote out, between the two of us, we wrote out this amendment which, when adopted,
